

# FLU VACCINES AVAILABLE NOW AT MED FIRST!

School is back in which brings not only homework, but the passing of germs to you and your little ones. Med First is here to offer the protection you need for the upcoming flu season, as well as the care you need if you become ill.

Be proactive by getting your flu shot now!

You should get a flu vaccine before flu begins spreading in your community. It takes about two weeks after vaccination for antibodies that protect against flu to develop in the body, so make plans to get vaccinated early in fall, before flu season begins. CDC recommends that people get a flu vaccine by the end of October.

**MOST INSURANCE CARRIERS WILL COVER THE COST OF YOUR FLU VACCINES AND FOR OUR SELF-PAY PATIENTS, VACCINES ARE ONLY \$25! SCHEDULE YOUR APPOINTMENT OR WALK-IN TO ONE OF OUR CONVENIENT LOCATIONS TODAY!**
